Heavier Sales This Week.
About four hundred hogheads of tobacco were sold on the board this week. Prices ruled about as last week, there being no perceptible change in the market. O. V. Track Laying.
Track laying on the O. V. from Gracely in this direction is being pushed right along and has been completed to Sinking Fork. It will take about three days to place the bridge in position over that stream, when the work will again be rushed forward as rapidly as possible. It is estimated that it will take ten days to reach the third bridge over Little River, after passing Sinking Fork. The work of grading in the city will be finished and ready for track in two weeks.
Returned Safe and Sound.
About ten days ago Mr. D. W. Steward, Sr., of Montgomery, Trig county, mysteriously disappeared from his home. Mr. Steward had about \$100 upon his person when he disappeared and it was feared that he had encountered foul play. A searching party was organized and spent several days on the hunt but their efforts were fruitless. Last Monday afternoon Mr. Steward returned to his home, and in explanation of his strange conduct said that he had been on a visit to relatives near Mayfield. The idea occurred to him while taking a walk on his premises that he owed Mayfield a visit and he made for the nearest railroad station and took the train for the Purchase without informing his family of his intentions.
